US NETTING

GSA

One of the world's largest netting manufacturer's specializing in custom netting

Quality   Safety   Solutions

At US Netting, Inc. we focus on three things: Quality, Safety, and Solutions. Since 1983 we have been dedicated to building the best custom nets and continue our tradition of quality netting products today. Customers from the US Government (Army, Air Force, Marines, NASA …) to private companies have trusted US Netting products to help insure increased safety and utility to their employees, facilities, and customers.

Loading Dock Safety Nets
• Adjustable   • Easy Installation
• Lightweight   • No Maintenance
• Heavy Duty   • Visual Barrier
• Economical   • Custom Sizes

NOT SAFE!

Features:
• Protect personnel from dangerous falls
• Keep debris outside your building
• Door can be operated with net in place
• Available in polyester webbing or reinforced mesh material
• Mounting hooks with adjustable fastening straps
• Can be customized to your specifications

Each custom net we make is tailored to the requirements of the job, providing the exact solution the project requires, something stock size products from big box stores cannot supply. Our team possesses a staunch devotion to fabricate the best nets available anywhere today

SAFE!

We are the premier supplier and fabricator of custom netting. Additionally, our selection of stock and bulk netting materials is unmatched in variety and quality.. Whether you are looking for a cargo net to lift 15 pounds or 25 tons, a kevlar reinforced net to protect personnel from possible shrapnel, or just a golf practice net for the backyard, we deliver the highest quality netting products. US Netting's 25,000 square foot facility is located in Erie, Pennsylvania.

US NETTING

One of the world's largest netting manufacturer's specializing in custom netting

Products Include:

- ### Loading Dock Safety Nets

    a. Wall Mounted

    b. Post Mounted

      - Floor Recessed Post Mounted

    ° Designs for debris control or safety & security

    ° Polyester webbing for personnel & product safety

- ### Protective Bollards

    Protect valuable and critical equipment, protect personnel from hazards. Our system can be tailored to your needs, whether areas in need of protection are corners, along walls, or islands. Posts can be removed from the bollards when access to the protected area is needed, leaving a baseplate with a 19-inch stud.

- ### Hatch Netting:Confined space safety netting.

    a. **ReduceRisk**: The Hatch Net system can help you drastically reduce the risk of death or injuries from a fall through in almost any hatch installation. It meets or exceeds all current OSHA and ANSI regulations.

    b. **Lower Costs:** The Hatch Net design allows for 85% or more of normal day to day procedures to be performed without opening the net. This means one person (not two) can safely perform most inspections and routine maintenance without cumbersome fall protection equipment.

- ### Custom Barrier Nets

    We can design, build, and test a custom barrier net to your specifications using any material for any application. From industrial to commercial uses, you can count on us to manufacture quality custom barrier nets. We have years of experience in the field.
